

FY18-RFA02-500: Addendum and URC Responses to Questions

Date of Issue: May 10, 2018

Addendum

1. The deadline for submission has been extended to Monday, May 14 17:00 Hrs. Eastern Africa Time (EAT).
2. The sample size has been reduced from 1,500 to 300, or approximately 12 interviews per facility in 25 facilities.

Answers to Questions

1. The RFA states the budget for this award is not anticipated to exceed 30,000 USD. Are you sure this will be enough to cover the cost of the field operation for the SOW stated or is there any spelling error on this? *To reconfirm, the anticipated budget is 30,000 USD. See above addendum regarding sample size revisions.*
3. The RFP requires a cost sharing of 15% from the firm in addition to the already low budget. *Correct. Cost share contributions may include donated staff time; donated space or vehicles used to execute the work; or donated equipment (e.g., tablets for data collection) or supplies not invoiced. There are documentation requirements for each of these types of cost share, which will be communicated following award.*
4. Given the very short deadline, can you extend the response date by three business days? *Per above addendum, the submission deadline has been extended to Friday, May 11 at 17:00 Hrs. Eastern Africa Time (EAT).*
